

SESSION ON CREATIVE TEACHING

Creative teaching can only be a part of a classroom if the teacher presiding is an ingenious individual. A teacher who is creative enough to be a part of the innovative classroom can design exciting new lessons, motivate students for right classroom required to showcase student's innovative minds.

The biggest challenge any teacher faces is capturing the student's attention and putting across ideas in such a manner that it stays with them long after they have left the classroom. For this to happen, classroom experience should be redefined and innovative ideas that make teaching methods more effective should be implemented.

To guide our teachers through the idea of Creative Teaching Mr. K.J. Jose former Principal of Adani School, Mundra was invited to conduct a four day workshop on Learning Strategies, Why children forget, Executive skills to be taught to students in their Primary years, Classroom games for effective

teaching, Use of online material available, PISA and other forms of assessment in the school premises from 28th June'18 to 1st July.

The workshop started off with Mr. Jose asking some brain storming questions which ignited the creative thought process of the teachers. Many interactive and fun filled activities were carried throughout the sessions. These activities focused on creative methods of the teaching learning process which can be adopted in the classroom. The importance of maintaining emotional balance, team work, discipline and co-operation in the classroom environment was highlighted stress was laid on having a positive attitude to implement learning in a better way.

The main aim of this workshop was to strengthen the teaching skills and morals of the teachers to improve child- centered quality education in the school.

A Report from W.V.M.
