

## **Grandparents Day at W.V.M.**

*A Grandparent is one who strengthens you with prayer, blesses you with love and encourages you with hope.*

Young children thrive in an environment where they are nurtured and loved. They learn about the world around them when those close to them join in their play and exploration. Grandparents often are just the people to create such an environment. They have more time to spend, and they can enjoy children for who they are at the moment. This warm, non-demanding and ever-loving bond is treasured by children and offers many benefits to grandchildren

Whether grandparents live near or far, we need to value their vital role in child development and respect their ability to sweeten their grandchildren's lives tremendously. Tapping into this wonderful resource will enrich each family member's life. Keeping this in mind the Pre-Primary Wing of W.V.M. celebrated Grandparents Day on 6<sup>th</sup> March'18.

The programme began with the lighting of the lamp followed a very meaningful prayer by the students of LKG who were guided by their teacher Ma'am Sindhu. A welcome dance by the little ones on this occasion made the atmosphere more enjoyable and meaningful. The skit presented by UKG made the grandparents happy and proud to see the effort put in by the children to make the occasion special. The skit was directed by Ma'am Purvi.

Some of the grandparents shared their experiences, views and feelings bringing tears to the eyes. Some games were organized for them and the best part was that all the grandparents participated actively while the grandchildren cheered for them. A token of appreciation was given to the grandparents. After this tea and biscuits were served. The day ended with a vote of thanks by the Principal, Ma'am Kavita Tandon to all the grandparents who took out time to make this day memorable.

It was indeed a highly emotional and satisfying morning

A very Happy Grandparents Day to all our dear Grandparents

A Report from W.V.M
