

EARTH DAY CELEBRATION AT W.V.M.

The students of W.V.M enthusiastically participated in various activities to commemorate our benevolent Mother Earth. On the occasion of the Earth Day, an array of creative activities were organized with a view to sensitize the children about the conservation of natural resources and to motivate them to do their bit towards making their planet even more beautiful. The corridors of the school reverberated with the thoughtful slogans raised by the students as they took a green walk to sensitize others about the importance of saving our environment.

With an aim to spread awareness amongst the young and old alike, the little ones of UKG took an awareness rally from Welspun Memorial and the students of Grade V went to WCL & WIL Colonies. The students encouraged everyone to save water, grow more trees, and say no to the use of plastic. The event rekindled emotive concerns and inspired the youngsters to save, love and respect Mother Nature with all their heart and soul. The dress code for the day was green and blue.

Some special activities based on the theme of Earth Day were organised for the Pre-Primary & Primary students. A special assembly was organized by the students of UKG. The theme was dry waste and wet waste.

Students were sensitized on how they can contribute their little bit on saving Mother Earth and making it a better place.
A report from W.V.M.
