From the tall tall trees.

A square has four sides
A triangle has three
An egg is oval
And is good for me.

NUMBER RHYME

One, two, three, four, five,
Once I caught a fish alive.

The little finger on my right.

Stories

1) THE BIRD AND THE BEE.

One day a bird and a bee were flying over a pond. Suddenly, the bee fell into the pond. The bee cried, "Help, Help." The bird thought of an idea. The bird dropped a leaf near the bee. The bee climbed on the leaf and was saved. The bee thanked the bird. Few days passed away. One day a hunter aimed at the bird to kill it. The bee saw the hunter and stings his hand. The hunter missed the aim. The bird was saved. The bird thanked the bee. Both friends were very happy.

Moral : A friend in need is a friend indeed.

2) THE GOLDEN GOOSE.

Once, a farmer had a magic goose. It laid a golden egg every day. The farmer became rich and greedy too. He thought that he could be richer by taking out all the golden eggs at one time. The next morning, the farmer killed the goose. He found no eggs inside its body. Now, he had no goose and no golden eggs.

Moral : We must always be happy with what we have.

3) THE CAP SELLER AND THE MONKEYS.

One day a cap seller was going to the market to sell his caps. On his way, he slept under a tree. There were monkeys on the tree. The monkeys saw the caps. The monkeys climbed down the tree, took the caps and put them on their head. When the cap seller woke up, he could not find his caps. He looked up and saw the monkeys with his caps. He knew that the monkeys copied others. He threw his cap on the ground. All the monkeys threw their caps on the ground. The cap seller collected the caps and went to market.

Moral : Do not copy without thinking.
